

New Upgrade! EaseUS CleanGenius Free 2.0 is Launched with Mac App Uninstaller and a New Look

NEW YORK CITY, N.Y., Jan. 5, 2012 (SEND2PRESS NEWSWIRE) – EaseUS Software, a leading provider of storage management and maintenance, focusing on providing quality, innovative Mac software for better Mac system performance, today announces the availability of CleanGenius Free 2.0 with a brand-new look, featuring the options to “fast clean” Mac junk files, uninstall unwanted applications, monitor disk space, eject disks, and positioning itself as a must-have freeware to perfect your Mac.

EaseUS MacCleaning is re-named to “EaseUS CleanGenius” in version 2.

CleanGenius 2.0 integrates with all the features of MacCleaning Free 1.0 like removing system junk files including Caches, Logs, User Downloads, Trash, Safari Internet Caches, etc., monitoring disk space, alerting you when the disk space is running low, and ejecting the mounted volumes.

Moreover, CleanGenius 2.0 provides the advanced features to uninstall the applications and related files. When you drag an application to trash, its preferences, caches, and logs cannot be deleted. CleanGenius completely removes the unwanted applications and all the related files, effectively recovering the disk space. The totally new and intuitive interface allows Mac users to select the files to delete and indicates how much space will free up in advance.

Main features of EaseUS CleanGenius:

- * Clean up your Mac junk files, keeping your Mac clean and fast.
- * App uninstaller to completely remove the unwanted applications and related files.
- * Show the available space on all the drives.
- * Display a warning when your disk space is running low.
- * Customize the space value to display a warning (only available in CleanGenius Pro).
- * Eject the mounted drive safely, like external storage disks, CD/DVD, network storage, disk images.
- * Eject All to safely remove all the mounted devices by a click (only available in CleanGenius Pro).
- * New and Intuitive interface.
