

Squarerigger Software Announces Record-Breaking 2011 Performance

SILVERDALE, Wash., Feb. 27, 2012 (SEND2PRESS NEWSWIRE) – Squarerigger Software's SQ.7™ Fleet Maintenance System, Revolution® Tire Tracking and Tire Management System, The Inspector™ and its Tire Dealer Advantage™ software packages were selected by transportation fleets and tire dealers across the world in 2011, making it the most successful year in the history of the company.

"In 2009 and 2010 we focused our efforts on the user experience. We invested in quality, flexibility, speed and robustness of the software. We launched Revolution and changed how tire tracking and tire management is done. The Inspector and Tire Dealer Advantage brought to fleets and tire dealers a level of automation that is being used to strengthen their businesses," said Ed Cooper, CEO of Squarerigger, Inc.

"Our products reflect decades of daily use in the field. SQ.7 has been ranked number one in fleet maintenance software time and time again when considering functionality, ease of use, and price. We have focused our solutions on improving productivity, profitability, and overall fleet operational efficiency. Our strategic partners recognize this, and have worked alongside our team in providing total solutions to the transportation industry," said Richard Koontz, Sr. VP of Business and Product Development.
