

EaseUS CleanGenius 3.0 Offers One-stop Maintenance Solution for Mac Users

NEW YORK CITY, N.Y., March 15, 2012 (SEND2PRESS NEWSWIRE) – Storage management and maintenance software developer [EaseUS Software](#) has announced the availability of [CleanGenius 3.0](#), featuring the options to save the disk space with duplicate finder, disk usage and increase the free memory with a brand-new look. The new app aims to provide an easier and more effective way to release disk space and boost your Mac performance, making it a one-stop solution to perfect the Mac.

EaseUS devoted itself to enhance the Mac performance and its new CleanGenius offers a variety of more in-depth clean functions like duplicate finder, disk usage and free memory. It also comes with the previous options to clean up Mac junk files in seconds, completely uninstall unwanted applications, show disk space available, warn when the disk space is running low, and eject mounted drives.

Now everything is packed in a brand new GUI of EaseUS CleanGenius 3.0. This all-in-one and cost-effective Mac maintenance software, combined with the functions worth more than \$80 on the market, now is only for \$29.95 for each license, with no time limitation.

New features in CleanGenius 3.0:

- * Duplicate finder can easily locate and remove the duplicate files.
- * Disk Usage helps you to spot and remove the unwanted large files in a simple way.
- * Free Memory increases the free memory by a click.
- * Login Item enables you to select the apps to start up during your Mac's login.
- * Add the option to check for updates.
- * Brand-new GUI.

CleanGenius has heated up as an award-winning and all-in-one Mac cleaner since its release. "EaseUS CleanGenius aims to do exactly what its title conveys: clean up your Mac while improving performance," reviewed by Jeffrey L. Wilson, the editor of PCMag.
