

Yodot Software Launches its Premium Product Line with Yodot File Recovery Software

MOUNTAIN VIEW, Calif., April 10, 2012 (SEND2PRESS NEWSWIRE) – Yodot Software, well known for software that are designed to be result oriented and fast, has recently launched Yodot File Recovery Software, which helps in recovering lost, deleted files on Windows. Yodot software can also perform [file recovery from recycle bin](#) after it is emptied. The software is now available for purchase from its official web site.

If you have deleted a file by mistake or if you have lost a file and would like to recover it, then this Advanced File Recovery Software from Yodot can help you get them back. Yodot's [file recovery software](#) uses the advanced scanning code designed by its team of acclaimed data recovery technicians who have years of working experience in this arena.

“The software has come up much higher to our expectations and is recovering data from the data loss scenarios where other competitive applications have failed in our tests,” said Ken Miller, spokesperson of Yodot Software.

5 important features of this software:

- * Recover deleted or lost files from hard drives, External USB drives, Cards and iPod;
- * Helps in classifying files based on their file extensions;
- * Uses an advanced search to locate files that are lost by using a unique file identifier and tagging method to recover file with exact size;
- * Provides two different viewing option to review recovery results – One offers to view recovered data with complete hierarchy and the other based on files extension types;
- * Recover any file type with any file size.

Pricing and availability:

You can visit the Yodot Software website and its download section to download the trial version of the software effective enough to show all recoverable data. To recover your data, software must be registered. For registration a “license key” is sent through email to unlock the trial version after purchasing the software. The application can be purchased for a MSRP of \$39 after discount from Yodot Software’s official website.
