

5 Bars to Develop the City of Sacramento's Wireless Master Plan

IRVINE, Calif., Aug. 31, 2015 (SEND2PRESS NEWSWIRE) – 5 Bars, a leading innovator in DAS and Wi-Fi wireless services for intelligent infrastructure, announced today an agreement to develop the City of Sacramento's Wireless Master Plan.

5 Bars has entered into an agreement to deliver a high speed wireless connectivity Master Plan for the City of Sacramento and when fully implemented, will provide the ability for all citizens to publicly access high speed wireless internet in key areas. This capability supports intelligent infrastructure technologies providing Sacramento new capabilities, strong benefits to its economy, and a modern framework to create a livable, sustainable, smart city.

"This initiative supports the City's IT Digital Strategy and is in alignment with Mayor Johnson's move toward City 3.0," said Sacramento CIO, Maria MacGunigal.

"We are delighted to work with the city's progressive leadership to contribute technologies and a smart infrastructure that will positively impact its citizens for many years to come," said Karen Sessions, 5 Bars Chief External Affairs Officer. "Smart infrastructure is the backbone of a progressive city economy, and urban development projects such as this create a smart network, help integrate hardware, software and data that work holistically, to improve quality of life, sustainability and efficiencies in metropolitan areas. The 5 Bars team will work with Sacramento to help implement its visionary 'Cities 3.0' master plan towards a renaissance of urban innovation."

About 5 Bars (5bars.com):

5 BARS™ is an Irvine, California based premier neutral host provider that delivers state-of-the-art DAS and Wi-Fi systems for communities, venues, stadiums and properties. Venues that carry the 5 BARS™ certification possess the highest standards of wireless connectivity.

About 5 Bars Media:

5 Bars Media provides in-venue applications delivered over the Wi-Fi network. Our app enterprise helps venues communicate and engage with guests through their mobile devices.

About 5 Bars Communities:

5 Bars Communities™ provides Municipal Wireless Master Planning and management of network infrastructure including cell tower, outdoor small cells and distributed antenna systems. The 5 Bars team has experience designing and developing over 500 wireless projects nationwide.
