

Accelerated Analytics Chooses Loren Data Corp. for Supply Chain Data

MARINA DEL REY, Calif., Feb. 22, 2021 (SEND2PRESS NEWSWIRE) – Loren Data Corp. ([LD.com](https://www.ld.com)), a leader in B2B messaging platform technology, announced today that Accelerated Analytics, the leading provider of supply chain analysis for products, inventory and retail store sales, has selected Loren Data's ECGrid backbone for aggregating valuable data from retailers and their suppliers.

Send2Press® Newswire

"We are excited to partner with Loren Data to facilitate EDI 852 and other EDI data feeds from clients and their retail customers," said Scott Garber, VP of Client Services at Accelerated Analytics. "Their ECGrid network and support team have the expertise, ability, and responsiveness we require to provide the fastest, highest quality services to our clients."

"Accelerated Analytics provides the in-depth data analysis for suppliers to make better decisions on products and inventory levels resulting in cost-savings and better service to retailers and end-consumers," said Anthony (Tony) D'Angelo, SVP at Loren Data Corp. "We have known their team for many years as a leader in point-of-sale analysis and are proud to be chosen for

our superior features, uptime and support.”

About Loren Data Corp.
