

Adventure Destinations Across the Nation Gear Up for Seasonal Hiring in Partnership with Cool Works

GARDINER, Mont., Jan. 21, 2014 (SEND2PRESS NEWSWIRE) – Cool Works (CoolWorks.com), the premier online board for seasonal jobs in great places, announced today that hiring for the 2014 summer has officially started. For job seekers interested in a summer adventure, Cool Works offers thousands of job openings in national parks, guest ranches, resorts and other adventure destinations across the nation.

“For someone with an open mind and an adventurous spirit, thousands of summer jobs are available in incredible locations. Employers are recruiting and now is the time to apply,” shares Patty Ceglio, Director of Operations for Cool Works. “At Cool Works, job seekers will find a great, free resource to research, find and apply for positions tailored to their dreams.”

Launched in 1995, CoolWorks.com has built the largest online network of adventure destination employers in the country. The Cool Works employer network allows job seekers to research, compare and apply for positions with more than 500 of these niche employers, all in one place. Cool Works also hosts a social network for job seekers where they may discuss potential employers, ask questions, or even catch a ride to an upcoming job.

“High unemployment rates have led to increasing competition for entry-level positions in urban centers,” says Richard Grena, HR Manager at Mount Rainier. “Jobs listed on CoolWorks.com offer students, new graduates or the ‘Older and Bolder’ crowd a chance to take advantage of their freedom and enjoy sensational experiences, all while building in-demand job skills.”

In addition to building valuable work experience, most positions available on Cool Works offer significant perks such as on-site room and board, and do not require personal transportation. Employers also offer employees the opportunity to participate in horseback riding, hiking, kayaking, fishing or other activities available on-site or in the local area.

Full-time, permanent jobs are also listed on CoolWorks.com and include everything from culinary positions to professional services.

“CoolWorks.com caters to the explorer, both young and old, and offers something for everyone, regardless of experience or skill level,” says CoolWorks.com Founder, Bill Berg. “We know that a summer job in a great place can open up a person’s worldview and change lives. That’s why we’re so passionate about what we do.”
