Only three steps, upload files, select output files and click convert button, users can easily convert more than one video or audio file on this website for free.

Send2Press® Newswire

## Convert video/audio over 500 formats:

Free Online Video Converter, as the freeware, is never letting down its users. It accepts more than 500 formats for inputting, like MTS, M2TS, TRP, TP, MPG, MPEG, MPEG 2, VOB, DAT, MP4, M4V, RM, RMVB, WMV, ASF, MKV, AVI, 3GP, FLV, SWF, F4V, MPV, MOD, TOD, QT, MOV, MP3, MP2, AAC, ACS, WAV, WMA, M4A, RA, RAM, OGG, AU, AIF, AIFF, APE, FLAC, etc. Any video or audio incompatible with your device, you can turn to Free Online Video Converter for help to make conversion.

**Convert to video/audio in various formats:**

Not only widely accepted input formats, Free Online Video Converter, also outputs lots of formats, like MP4, MOV, VOB, MKV, AVI, M4V, FLV, WMA, WebM, VOB, MPG, 3GP, MP3, AAC, AC3, WMA, WAV, AIFF, M4A, M4B, M4R, FLAC, etc., so that you can handle the converted files on your device without any hassle.

**Extract background audio from video\*:**

Apeaksoft Free Online Video Converter gives you the access to the beautiful background audio of the video file. When you are racking your brains to search your favorite background music of a movie, Free Online Video Converter can easily let you extract the background music from the video directly by converting video to audio. (\*Note: Only for personal enjoyment, not for commercial use.)

**Customize user-friendly settings:**

More than a free online video converter, Apeaksoft Free Online Video Converter provides you with more enjoyable settings before outputting the converted file. You can set video encoder (H.264 or others), resolution (from SD to HD), frame rate (auto to 60 fps), video bitrate (up to 20000 kbps), audio encoder, channel, sample rate (up to 48000 Hz), and audio bitrate (up to 320 kbps). Getting a playable video/audio file can be realized by yourself.

**Create loop GIF animation:**

Feel amazed by the animated GIF images? You can also create your own GIF images to leave a great impression. You do not get efforts to find many pictures, and then combine them one by one to get a GIF file. Apeaksoft Free Online Video Converter lets you create GIF from your video files. Just add video file, and get a loop GIF file conveniently.

**Convert video in 1080p HD:**

Apeaksoft Free Online Video Converter never leaves a poor quality for your video converting. You can get a high resolution up to 1080p in clear vision with this software. An ultra clear screen deserves a high-resolution video file. Surely, if your device space is insufficient, you can decide to create a SD video file with smaller size.

**Convert video to be compatible formats:**

Whether you are using an iPhone X, or Samsung Galaxy S7, you could also use this free online video converting program to get the exact formats which are compatible with your devices like PS 3/4, PSP, Xbox One/360, Apple TV, iPad, Motorola, Wii, etc. Moreover, for your video or audio that you want to share online like Facebook or YouTube, you could also find the correct formats for output.

**Work on multiple platforms:**

Apeaksoft Free Online Video Converter works no platform limits. Whether you are Windows users using Windows 10, 8, 7, Vista, or Mac users running on MacBook Pro, iMac, Mac mini, etc. in Mac OS 10.7 and above (including macOS Mojave), you could also use this online video converter to get video or audio files' conversion free.

**Convert video and audio files automatically:**

Breaking the limits of uploading files one by one, Apeaksoft Free Online Video Converter lets you add more than one video/audio files to this online converter at one time, then you just set the output format for every single file, then they will be converted one by one automatically. You do not need to sit in front of the computer to get settings for every file.

**Convert video and audio totally free:**

Is there no free lunch? Actually not. Apeaksoft Free Online Video Converter is the total free converting software for any of you. No file size limitation or ads. You can use this online converter to convert any video or audio file for free. You do not need to pay a cent to enjoy all the features described above.
