

ARMCO Updates ACES with Day 1 Certainty™ Functionality

POMPANO BEACH, Fla., June 26, 2017 (SEND2PRESS NEWSWIRE) – [ACES Risk Management](#) (ARMCO), the leading provider of financial quality control and compliance software, announced today that it has updated its flagship ACES Audit Technology™ with new functionality that aligns with Fannie Mae's Day 1 Certainty™ (D1C) initiative. With this update, ACES now includes additional fields for assessing asset, income, employment and collateral data according to Fannie Mae's D1C initiative. The company also updated its rule-based technology to assist auditing these loans according to the D1C initiative.

ACES users continue to use ACES Intelligent Questionnaire technology to customize questions and scripts according to their own unique needs and objectives. ACES' direct import of D1C data enables users to preserve the integrity of their QC processes, while also aligning with D1C parameters.

"Lenders can gain added protection under Fannie Mae's Day 1 Certainty initiative, but they have to follow certain protocols," says [Phil McCall](#), COO of ARMCO. "We updated ACES so our clients can automate their auditing process to account for the different checkpoints associated with D1C. Our clients know that ARMCO's mission is protecting their businesses. They know they can rely on us to stay on top of all guidelines, initiatives, regulations and trends, and they know we will continue providing the tools that help them grow and protect their businesses, not just for now, but also for the long

haul.”

The recent ACES software enhancement went into effect for all clients June 12, 2017. Clients and interested parties can get further information on this update via the proprietary ACES Knowledge Center, or by visiting the ARMCO website (www.armco.us) for a demonstration of the latest software.

ABOUT ARMCO:

ARMCO – ACES Risk Management delivers web-based audit technology solutions, as well as powerful data and analytics, to the nation’s top mortgage lenders, servicers, investors and outsourcing professionals. A trusted partner devoted to client relationships, ARMCO offers best-in-class quality control and compliance software that provides U.S. banks, mortgage companies and service providers the technology and data needed to support loan integrity, meet regulatory requirements, reduce risk and drive positive business decisions.

ARMCO’s flagship product, ACES Audit Technology™, is available at any point in the mortgage loan lifecycle, to any size lender, and is user-definable. ACES standardizes audit requirements, ties pre-funding reviews to post-closing quality control audits, enables seamless trend analysis, identifies credit, compliance and process deficiencies and helps create manageable action plans.
