

ASLET enters into distribution agreement with Lamperd Less Lethal of Pittsburgh, Pennsylvania

PITTSBURGH, Pa., Nov. 9, 2021 (SEND2PRESS NEWSWIRE) – Advanced Security and Law Enforcement Training LLC (ASLET), a security and law enforcement training school, has entered into a distribution agreement with Lamperd Less Lethal, Inc. (OTC PINK:LLLI) and its Master Parts Distributor, EJC Security Services, Inc. of Pittsburgh, PA. Lamperd Less Lethal has been creating and manufacturing Less Lethal Technology and Ammunition, Public Order Suppression Systems and Innovators for over 50 years. Lamperd describes less lethal as the application of force applied in a manner to cause the least likelihood of injury to the person.

Send2Press® Newswire

The Non-Lethal Weapons (NLW) market is forecasted, over the next 10 years, to emerge as a key domain for asymmetric warfare, law enforcement, and technology providers. Non-Lethal Weapons market worldwide is projected to grow by US \$5.2 billion, guided by a compound growth of 8.3%.

ASLET plans to provide the training, certification, and the distribution of

the superior Lamperd Less Lethal products to its own logistics and support network service as it focuses on being a nationwide distribution partner offering shields, riot helmets and less lethal launchers as well as other equipment, to qualified personnel.
