The Halloween affair starts at 7 p.m. and ends at 1:30 a.m. The Majestic Downtown is located at 650 S. Spring Street in downtown Los Angeles.

Sexy Golddigger is Hollywood's best-kept anti-aging secret. Agunes personally formulated the ingredients to assist women and men with looking younger while providing a safe and effective alternative to painful and costly cosmetic injections. A revolutionary "topical botox" facial gel, Sexy Golddigger immediately tightens skin with lasting effects, reducing signs of skin aging, sagging and dryness.

Agunes' anti-aging complex incorporates the latest innovations, combining active peptides, a "botox" alternative, and glycolonjugates from gogi berry

extract for maximum synergistic effects that rebuild the skin's cellular matrix. The unique all-in-one product adds hydration and skin tightening while actually brightening the skin.

After years in the hair care industry, Agunes decided she wanted to add another dimension to her client's beauty regimen and Sexy Golddigger is the result. "My exclusive anti-aging dermal delivery system provides the skin the maximum reduction in fine lines and wrinkles. My ingredients are infused with natural botanicals and marine active ingredients designed to provide a topical supply of antioxidants to fight free radicals. I can honestly say that there is nothing like it on the market," cites Agunes.

Agunes, who has a degree in English, always felt at home making others feel better. A graduate of Mary Moore Beauty School in Glendale, Calif., she learned the nuances of hair and skin care and discovered a love for making others happy. After attending International Hairgoods Inc. (IHI), she worked for L'Oreal, Dermologica and several other companies that helped shape her knowledge about beauty and skin care.

Beauty won't need a mask at the Avant Garde Magazine Annual Masquerade Ball 2016. Tickets can be purchased at <http://www.Shindigg.com>.
