IMAGE CAPTION: “Besos de plástico” (Plastic Kisses).

In “Plastic Kisses,” the Dominican plastic surgeon, alerts about the complications involved in the secrecy of the injections of alloplastic material, which have left more than a million victims with facial and corporal consequences in Iberoamerica from the disease known as Iatrogenic Alogenosis.

Testimonies from victims, wake-up calls of surgeons from both continents,

possible correction of deformities, the procedure of lip harmonization and more, to create awareness and the prevention of more victims.

“In just ten minutes the spectator can have a very accurate idea of the message we want to spread, warning and prevention,” said Dr. L. Tallaj.
