

Best of Time Tattoo of Catonsville, MD is now a Tatt2Away Studio Center

CATONSVILLE, Md., Feb. 29, 2016 (SEND2PRESS NEWSWIRE) – Rejuvatek Medical Inc. officially announces the Tatt2Away® (www.tatt2away.com) non-laser tattoo removal system is once more in the Baltimore, Washington D.C. metropolitan area with Best of Time Tattoo's co-founders Kathy Kelley and Shane Heil. Their Catonsville location has come on board to offer to all its clientele certified tattoo removal as the first Tatt2Away Center in the city.

Bringing into their high quality of service and products, the all-natural system.

The demand is high for cover-ups nationwide, Shane said, "In cover ups if you can get rid of even a portion of a tattoo, you can do so much as an artist."

Kathy added, "To change a tattoo from the very dark on up, you are severely limited on what choices you can offer and it's usually not what they wanted in the first place."

Tatt2Away is colorblind, the process doesn't care what color is made up within the unwanted tattoo. It goes where the ink is in the skin and eliminates or draws out the ink and pigment from the treated area. Selectively disrupting the patterns of a tattoo that gives studios like Best of Time Tattoo unlimited options for cover-ups

Rejuvatek Medical is placing around the nation Tatt2Away systems offering a limited exclusivity to those tattoo studios that see the opportunity first and act on it.
