

# Brazilian Developer OPTIMA expands its activity and launches its first project in the Orlando Walt Disney World area

MIAMI, Fla., Nov. 24, 2015 (SEND2PRESS NEWSWIRE) – OPTIMA, an international developer headquartered in Sao Paulo, Brazil, announces its expansion into the Orlando region and is launching its first project there today, the “Regal Palms Elite Townhomes.”

OPTIMA is a key player in the real estate market in South Florida, where it has been investing into distressed and high end properties over the past five years, for its base of mainly Brazilian Investors.

“Since we have started investing in Florida, in 2010, we have been paying a lot of attention to the Orlando region, as it is a top destination for Brazilians, who are extremely familiar with the region and its theme parks,” says Rogerio Bastos, Founder & Managing Director of OPTIMA. “We were unable to find opportunities that met all of our very detailed investment criteria, but now we have found an excellent investment opportunity in a fantastic community just 10 miles from the Walt Disney World parks.”

A recent study by the Brazilian Ministry of Tourism for 2014 showed that Orlando was the number one travel destination for Brazilians. And according to the U.S. Embassy in Brazil, over the last five years the U.S. has issued more than five million Visas to allow Brazilians to visit the country.

“An investment into rental homes in the region makes a lot of sense for Brazilians, as it allows them to invest in the U.S., gives them the flexibility to use their homes whenever they wish and to have those homes generating revenues when they are empty. We are very excited with this opportunity,” says Bastos.
