

# CCMC Announces New Chief Financial Officer

ALTAMONTE SPRINGS, Fla., July 23, 2014 (SEND2PRESS NEWSWIRE) – CCMC, the leading provider of financial technology integration solutions, announced the appointment of Matthew Borg as Chief Financial Officer. He will report to President and Chief Executive Officer Gene Lederer.

Celebrating its 20th year of operation, CCMC appointed Matthew CFO at a time when the company is experiencing significant growth in its core financial technology connectivity business line as well as a rapid expansion into mobile and other transactional system integration markets. Matthew's experience in implementing internal controls during times of rapid growth and expansion will help scale CCMC's rapidly growing business while also providing stability and steady growth in the future.

"Matt's experience and proven track record will help CCMC increase revenues and keep our cost structure in check as we continue to grow the company. We're very excited to have him join our team," stated Gene Lederer, CEO of CCMC.

Commenting on his appointment, Mr. Borg said, "I'm honored to join CCMC as it expands its product lines and is positioning to reach and satisfy a new group of customers by offering market superior solutions. CCMC has an environment that encourages input, from the management team to the development and support groups."

Matthew has over 18 years of experience in finance that spans multiple industries. He received his MBA from the Walsh College of Accountancy and Business Administration.

## **About CCMC:**

CCMC Inc. ([www.ccmcinc.com](http://www.ccmcinc.com)), celebrating 20 years of innovation, provides information technology solutions to over 1,350 financial institutions across the United States. Our services focus on the integration of financial technology systems, improving productivity as well as data and workflow optimization, to both financial institutions and the major providers of application solutions to the financial services industry. CCMC's connector solutions integrate loan origination systems and a full array of service providers, including solutions that connect to internet based systems, marketing systems, mobile and internet banking applications, and all the major core servicing systems. Our partners are some of the best-known technology corporations to the banking industry and represent core processing, loan origination, online banking, and consulting among others.
