

# CNET Debuts Updated Leawo Video Converter Ultimate featuring Blu-ray Ripper and Creator Functions

SHENZHEN, China, Dec. 19, 2014 (SEND2PRESS NEWSWIRE) – Leawo partners with the largest and most popular online platform CNET for trusted, safe, and secure software, mobile applications, and game downloads. CNET officially debuted upgraded Leawo Video Converter Ultimate on Thursday which now includes 2 new Blu-ray solutions for digital media fans: Blu-ray Ripper and Blu-ray Creator.

CNET successfully got its visitors a special deal of this upgraded Video Converter Ultimate at only \$19.95 (originally \$69.95) for 1-Year license and \$59.95 (originally \$119.95) for lifetime license.

“It’s really happy to bring out wonderful apps on CNET. The upgraded Leawo Video Converter Ultimate is no doubt a wonderful and practical one. It’s a pleasure to see its first appearance towards the world through our platform. The new Blu-ray solutions included indeed offer high quality Blu-ray movie converting and burning and bring great convenience for HD movie watching,” said Scott, a senior editor of CNET.

CNET has been cooperating with Leawo Software for a long time, and gets quite a few of Leawo’s apps for its visitors; like Blu-ray Player, Blu-ray Copy, Free Video Converter, etc. Leawo Video Converter Ultimate is a total media converter suite that provides easy to use, effective and cost-saving solutions between online videos, video, audio, DVD and as well as the newly added Blu-ray conversions. It could convert video/DVD/audio files, burn video to DVD, download online videos, etc. Over 180 video and audio formats and almost all media players and portable devices in the market are supported.

What’s more, it offers several user-friendly bonus features like video editor, 3D movie creator, subtitle selecting and adding, screenshot snapping, etc.

The upgraded Video Converter Ultimate gets 2 more Blu-ray solutions: Blu-ray Ripper and Blu-ray Creator. With the new functions, people could rip and convert Blu-ray disc/folder to video, extract audio off Blu-ray movies, convert and burn videos of all types to Blu-ray disc, folder or ISO image files. The newly added Blu-ray solutions could handle all Blu-ray discs in the market. Movie fans could now watch Blu-ray movies in HD videos on personal devices freely.

It has now been now debuted on CNET, and CNET visitors can see the debut here:
