“Bryan has a terrific reputation in the industry having played a key role in estimating major projects throughout South Florida,” said Michael C. Taylor, CEO and President. “He is a terrific addition to the team and his level of expertise will enhance the proficiency of our bidding system.”

Baswell has an impressive list of projects on his resume including the Grove Central Mixed-use project, Tru Hotel by Hilton in Dania Beach, 30-Thirty North Ocean condominium in Ft. Lauderdale, Sheridan Street Station apartments, Phil Smith Toyota in Vero Beach, numerous FDOT jobs and projects

for the Miami-Dade School System and Florida International University. During the past three decades, he has held managerial roles with prestigious firms including Juneau Construction, The Marker Group and Kaufman Lynn.

“I am honored to be working with Current Builders,” said Baswell. “This is a dynamic and fast-growing company, and I am looking forward to managing the pre-construction process and growth to new markets.”

About Current Builders:
