Trips are best remembered with vivid motion pictures photographing on-site experiences, and this free video software empowers to polish them in a unique way with distinct favors.

Saving dulcet melodies and movies for Spring Break is a good way to spend train-trip and flight hours. Hence this easy-to-use free video software jumps out as a gratis offer to download online movies to iPhone and iPad. It’s also shipped with ample muscle to save MP3 from legal music sites. According to TripAdvisor.com, Wi-Fi access is a common complaint among user comments on hospitality facilities in Spring Break destinations, hence free downloading videos to iPhone or iPad in advance is a wiser option.

Returning home from a vacation with megabytes of photos in smart phones, users can string up the pictures into a narrative story by one-hit creating a photo slideshow with this free video converter. It also involves plenty of fun if you give some tint to the cam-recorded Spring Break trip by [editing the videos](#), such as adding special effects, watermarks, or subtitles to it.

Indoor pastime, alongside physical activities, is another alternative for Spring Break leisure. In this regard, users may rely on the video software to download movies from a list of selected [movie streaming websites](#).

5KPlayer for Mac and Windows is a free video player savvy with all-round functionalities, yet DearMob also places the video converter software and other DVD video software up its sleeve in order to cover demand from all walks of multimedia experience. Basing its supply by thinking from the user’s side, DearMob is heading towards as a comprehensive developer.
