

EaseUS Releases Data Recovery Wizard for Mac 9.10 and Keeps Moving on Innovative Mac Data Recovery Project

CHENGDU, China and NEW YORK, N.Y., June 14, 2016 (SEND2PRESS NEWSWIRE) – EaseUS makes a major launch announcement of Data Recovery Wizard for Mac 9.10 that includes a stream of new features like RAW recovery and improved file scanning process which make superior Mac data recovery quality quite sure. The 9.10 version of EaseUS data recovery for Mac deals with every detail in recovery procedure from simplifying user interface design to retrieving lost files.

Send2Press® Newswire

EaseUS 9.10 Mac data recovery software sets the stage for upcoming highlights; meanwhile Apple holds an annual Worldwide Developers Conference (WWDC16) on June 13 in San Francisco, which lets Mac users have a look via unveil of the latest updates of OS X and catch first glimpse at new operating systems. Siri would be included with OS X 10.12 (MacOS Sierra) for the first time, allowing the personal assistant to be used on Mac devices like it's used on iOS devices.

With full compatibility for Mac OS X new features, trouble-free Mac data recovery 9.0 is capable of effectively getting everything lost back fast in just few clicks. Particularly, RAW recovery results are encouraging as the scanning algorithm has been adjusted to optimize restoring flow. To a large

degree, scanning time for lost files is shortened.

Moreover, tracking all recoverable data on Mac becomes more accurate than ever before since it's much easy to specify every lost file in multiple file types. Besides, direct recovery from Mac Time Machine backup drive by EaseUS Data Recovery Wizard for Mac cuts down recovery cost and makes excellent recovery effects with less time consumed in comparison.

EaseUS, a world leading company in data recovery software, sticks to basic safety and efficiency all the way in [Mac data recovery](#) under any data loss situations such as deleting, formatting, Mac OS X crash and improper error. Mac data recovery wizard always keeps up with any changes to new Mac devices and OS and takes innovative yet safe way to bring lost files at amazing fast speed.
