

# EaseUS Software Provides Complete Solution for Windows Upgrades and Computer Replacement

NEW YORK CITY, N.Y., May 27, 2014 (SEND2PRESS NEWSWIRE) – EaseUS Software ([www.easeus.com](http://www.easeus.com)), the world's leading provider of data security and storage management software, offers new data migration software that satisfies users' requirements and gains lots of acclaim.

Many users chose to upgrade their system or change the computer directly when Microsoft announced the end of support for Windows XP.

"It is the wise decision to replace Windows XP with Windows 7 or 8, but it is difficult to keep the data safe during the upgrade," said Wan Jianhua, General Manager of EaseUS Software. "Transfer data is the most important step for Windows XP users, and [EaseUS Todo PCTrans](#) will make the process simple and secure."

Many professional editors award EaseUS Todo PCTrans highly. Softpedia regards it as "A simple and efficient application aimed to offer you the ability of transferring data and applications from one computer to another." PCadvisor says "EaseUS Todo PCTrans 6.5 Free is a simple wizard-based tool to help you [transfer data from an old PC to a new one.](#)"

Together with backup and recovery software, [EaseUS Todo Backup](#), and partition management software [EaseUS Partition Master](#), EaseUS offers a comprehensive solution for computer replacement.

## **Scenario 1: Replace PC and upgrade system.**
