

EaseUS Todo Backup 7.0 Beta Now Available for Download

NEW YORK CITY, N.Y., July 23, 2014 (SEND2PRESS NEWSWIRE) – [EaseUS Software](#), a leading software provider for data backup, disaster recovery, and partition management solutions, today announces the release of EaseUS Todo Backup 7.0 Beta, which is the most reliable data backup and recovery tool-set to assist home and business users to ensure their data/system security. Everyone is welcome to join the beta test and give feedback; a special gift is available for users who participate in this test.

[EaseUS Todo Backup](#) is a reliable image backup and recovery software solution – with over 6 million users – which is able to protect entire system and data. And now, the coming EaseUS Todo Backup 7.0 will bring more useful features to ensure the security of PCs and servers.

New features:

- * Newly designed and intuitive user interface to make operation easier.
- * New added Smart backup feature helps to perform automatic backup once there is any changes to the selected files.
- * Option to automatically update software when new version is available, no need to download and install software again.
- * Fixed some bugs to improve product quality.

“EaseUS always engaged in delivering the most reliable data security software to both home and business users,” said Wan Jianhua, General Manager of EaseUS Software. “Todo Backup 7.0 is another step forward. Hope more users can join in this beta test, every kind of suggestion is warmly welcome.”
