

# EPIC Insurance Continues Adding Key Team Members in Alabama

SAN FRANCISCO, Calif., June 18, 2015 (SEND2PRESS NEWSWIRE) – EPIC Insurance Brokers and Consultants, a retail property & casualty insurance brokerage and employee benefits consultant, announced today that claims advocate Dana Ingber and health, safety and environmental consultant Victor Lamb have both joined EPIC's Birmingham-based National Energy Construction Practice – a specialty risk management team serving large, complex construction, energy and distribution companies across the country.

Ingber joins EPIC from third party administrator York Risk Services Group, where she was most recently a National Account Manager, managing the workers' compensation programs of a diverse group of clients. At EPIC, York will focus on the design, implementation and management of cost-effective workers' compensation programs for EPIC clients throughout the United States.

Lamb is a certified safety professional with extensive knowledge and experience in the Transportation, Construction, Manufacturing and Energy industries.

He has served as the Safety and Health Committee Chairman for the Associated Builders & Contractors of North Alabama and is a member of the American Society of Safety Engineers and the Society of Professional Engineers.

"EPIC is a highly regarded national broker, with experienced, successful leadership; top professionals in multiple disciplines; a strong capital position; and extensive insurance company relationships," said Birmingham managing principal Crawford McInnis. "All of this allows us to deliver even

greater value to our clients. We couldn't be more excited to have Dana and Vic join what we are building in Birmingham and across the country."

Since The Carlyle Group became the EPIC's major investment partner in December 2013, the firm has completed ten strategic acquisitions/purchases, adding nearly 400 employees in 14 new locations across the United States.

"The Birmingham team strengthens EPIC's national platform serving contractors, energy companies and oil and gas distribution contractors," said Derek Thomas, EPIC Chief Strategy Officer. "In turn, their clients will benefit significantly from the capabilities and resources of our Specialty Practice and Program Group and the entire EPIC organization."

Other experienced insurance professionals across the country who are interested in joining EPIC should contact Derek Thomas (derek.thomas[at]epicbrokers.com / 415-356-3959) or visit the careers page on the EPIC website: <http://www.epicbrokers.com/careers#tabs>.

Crawford McInnis can be contacted at:
