

EPIC Insurance Plays Key Role in Launching New Employee Wellness Center for the City of Atlanta

ATLANTA, Ga. and SAN FRANCISCO, Calif., Aug. 16, 2017 (SEND2PRESS NEWSWIRE) – EPIC Insurance Brokers and Consultants, a retail property, casualty insurance brokerage and employee benefits consultant, announced today that EPIC client the City of Atlanta recently celebrated the grand opening of a new Wellness Center for city employees. This 12,000-square foot facility is located in the City Plaza building across from Atlanta's City Hall.

Send2Press® Newswire

City of Atlanta workers now have a single place in which to exercise, eat nutritious snacks, and receive health care and employee assistance services while pursuing their personal health goals.

EPIC consultants Cloe Guidry and Chris Clark provided health management consulting services and guidance for the City of Atlanta throughout the design and development of the Wellness Center. Guidry and Clark anticipate that after 36 months the City of Atlanta will save \$2 for every \$1 it invests in the program.

The savings come from the combination of managing the rising cost of health care services and improving productivity. Having a health center at work saves time (patient wait times average only 5 minutes) so employees get back

to work faster, minimizing downtime and improving productivity.

The new, approximately \$3 million facility was funded entirely through insurance reserve funds generated through contracts with insurance vendors, pharmacy rebates and performance guarantees.
