“It is such an honor to be one of the few AADOM members who has earned this prestigious recognition,” said Pusillo. “Not only do I love learning, I love being able to share my dental knowledge with others so that all practice

administrators can grow and help become better leaders in their own organization.”

Becoming a Master distinguishes Pusillo’s skills and leadership from other practice administrators within the dental industry. AADOM Masters is a level above AADOM Fellow, demonstrating Pusillo’s motivation and being the best of the best.

Requirements for earning the MAADOM distinction include writing and publishing three articles in AADOM publications, accrue a minimum of 100 CE credits within five years of induction date, successfully complete the three-step OSAP-DALE Foundation Dental Infection Prevention and Control Certificate Program, attend chapter meetings and conferences, and more.
