

# Experienced Mortgage Technologist Mark Michel Joins Growing Team at OpenClose

WEST PALM BEACH, Fla., Sept. 27, 2018 (SEND2PRESS NEWSWIRE) – OpenClose®, an industry-leading multi-channel loan origination system (LOS) and mortgage fintech provider, announced that it hired Mark Michel, an industry veteran in enterprise-level mortgage technology systems. Mark has an extensive track record of successful execution during his tenure at lending entities as well as mortgage technology providers. At OpenClose, he will serve as a software integration analyst where he will focus on the company's LenderAssist™ LOS, RESTful API suite, as well as other digital mortgage solutions.

Send2Press® Newswire

Mark brings to OpenClose more than 15 years of experience as a subject matter expert in mortgage fintech. Before OpenClose, he was a senior product manager at Altisource where he was responsible for a next-generation LOS as well as a new POS portal, while also acting as a subject matter expert on all LOS integrations. Prior to that, Mark was a senior business consultant and project manager at Fiserv Lending Solutions for more than fifteen years.

In addition, he has held senior business analyst and project manager roles at banks, mega lenders and an investment firm focusing on outsourced technology solutions for mortgage originators, secondary market conduits and investors.

This unique combination of lender and vendor experience arms him with highly sought after mortgage experience and is an extraordinary addition to the OpenClose Integration team.

“We are pleased to welcome Mark to the OpenClose family and know that he will have an immediate impact,” said Jason Regalbuto, CEO/CTO of OpenClose. “Mark has a very rich, through-and-through background in the mortgage industry, working for both lenders and mortgage software firms. He’s exactly the type of professional we like to hire to advance our enterprise. ”

As a result of an increasing demand for OpenClose’s multi-channel LOS and other digital mortgage solutions, OpenClose has made a number of new hires in nearly all functional areas during 2018 in order to effectively support new and existing customers.

## About OpenClose:

Founded in 1999 and headquartered in West Palm Beach, Florida, OpenClose® is a leading enterprise-class, multi-channel loan origination system (LOS) and fintech provider that cost effectively delivers its digital platform on a software-as-a-service (SaaS) basis. The company provides a variety of innovative, 100 percent web-based solutions for lenders, banks, credit unions, and conduit aggregators.

OpenClose’s core solution, LenderAssist™, is comprehensive loan origination software that is completely engineered by OpenClose using the same code base from the ground up, thus avoiding the problems that often accompany assembling best-of-breed applications or acquiring disparate technologies in an effort to create an end-to-end platform. The company provides lending organizations with full control of their data and creates a truly seamless workflow for complete automation and compliance adherence.
