Send2Press® Newswire

PDF is a common document format we often used in our daily office work. In some cases, PDF documents you work with are very large, and it is troublesome to upload those PDF files or attach to an email when users want to transfer files on the internet.

PDF Compressor eliminates all these issues with one streamlined, easy to use, fast program. Users can also select to compress their PDF documents to the original folder without overwriting the original versions, and they can also opt to output the compressed PDF files to specified folder paths.

## How to Activate the Giveaway

The giveaway is now available at the PDF Compressor website <https://www.pdfcompressor.net>. Users need to copy and paste the promotion code "PDFCMPRSR2019J" into the "Promo Code" box, and click on the "Verify" button. Then, the giveaway area includes the serial key would display immediately.
