

Gateway to Healthy Smiles: LIBERTY Dental Plan Offers the Most Affordable Rates in Missouri Health Insurance Marketplace

ST. LOUIS, Mo., Nov. 15, 2016 (SEND2PRESS NEWSWIRE) – LIBERTY Dental Plan of Missouri (LIBERTY) is proud to announce it is offering the most affordable rates for dental plans in the Missouri Health Insurance Marketplace (commonly called the “Health Exchange”). In fact, LIBERTY has the only Dental HMO being offered in St. Louis, Mo., and is the low price leader*.

Send2Press® Newswire

“LIBERTY Dental Plan is proud to bring first-rate dental plan options to individuals, families and small groups through the Missouri Health Insurance Marketplace,” said Dr. Amir Neshat, President and CEO of LIBERTY Dental Plan. “LIBERTY recognizes and shares in the Missouri Health Insurance Marketplace’s commitment to quality, affordability, preventive care, access and service.”

This marks the first year that LIBERTY, which is centered in St. Louis County, is offering Family Dental HMO plans in the Missouri Health Insurance Marketplace. LIBERTY is also offering its plans via the marketplace’s Small Business Health Options Program (“SHOP”) for the first time.

Whether through the individual market or SHOP, those that choose LIBERTY find

they have a partner in oral health, not just a dental plan. LIBERTY's "concierge" member services provide live customer support at all points of contact and 24/7 access to emergency care, complete case management, and a smart phone [mobile application](#). Plus, LIBERTY's customer service professionals speak over 150 languages and answer calls within seconds.

LIBERTY Dental Plan has built a reputation of quality in commercial and government-sponsored dental programs, providing services to managed care organizations, state governments, labor unions, large group employers, municipalities, and individuals. LIBERTY has a proven record of successfully increasing the utilization of quality dental care for multiple programs, ensuring that a larger portion of premiums are appropriated directly to care.
