About Great American Foundation:

Based in Jacksonville, Fla., Great American Foundation is a 501(c)3 non-profit organization founded on the ideas and principles of addressing the needs of our citizens. We have watched our military men and women defend us and others only to receive inadequate care and treatment. We continue to see our families and elderly suffer at the hands of companies that put profit before their health and well-being. Many of our schools cannot afford to provide a quality education to our future workforce. All this and more while billions of our tax dollars go to other countries.

Somewhere along the way we stopped putting America first. Great American Foundation is dedicated to providing assistance and opportunity to the people of the United States. We will be relentless in our efforts to bring attention to the needs of our citizens. With your help we can be united in making America first again.
