

Healthcare Insights to Present Session on Costing Solutions at 2015 International MUSE Conference in Nashville

LIBERTYVILLE, Ill., May 8, 2015 (SEND2PRESS NEWSWIRE) – Healthcare Insights, LLC (HCI), a leader in providing financial management software and services to hospitals and health systems nationwide, will be presenting its solutions for reducing healthcare costs and improving patient care during the annual International MUSE Conference in Nashville later this month.

Hosted by the Medical Users Software Exchange (MUSE), a membership organization that serves as the leading source of education and networking for MEDITECH healthcare information system users and related professionals, the meeting offers a diverse agenda of educational sessions and exhibits. On Wednesday, May 27, HCI will deliver a presentation on Cost Accounting and Clinical Analytics. Focusing on helping hospitals prepare for value-based pricing, HCI Regional Sales Vice Presidents Derek Estes, Bill Hicks, and Farrah Mahoney will provide a brief overview of cost accounting processes and what to do with the results.

A #1 Category Leader in the annual Best in KLAS software and services for four years in a row, HCI also is participating as an exhibitor at the MUSE meeting showcasing its expanded capabilities since merging with NOMISE(R) in October. The merged company provides a unified source for top-rated decision support solutions, including software for financial management, costing, and clinical analytics, plus cost accounting consulting and outsourced costing services that capitalize on NOMISE's 20-plus years of experience and expertise in developing and maintaining detailed cost-finding techniques for hospitals and health systems.

"Using innovative technology to help hospitals increase transparency and efficiency is a core element of healthcare reform's emphasis on delivering value," said Dave Beto, HCI chief growth and business development officer. "Our integrated, end-to-end solutions provide hospitals with the business intelligence they need to profitably manage the entire continuum of care and make better, data-driven decisions that improve both financial and clinical outcomes."

Healthcare Insights will be exhibiting in Booth #1406 during the International MUSE Conference, which is slated for May 26 – 29, 2015, at the Gaylord Opryland Resort and Convention Center in Nashville, Tenn.
