Karl officially brought his commitment to upgrading the lives of the people he serves to the [Hearing Professionals team](#) on March 2, 2015.

Hearing Professionals’ founder Dr. Darshan Vyas expressed his excitement over Klein’s decision to join the team by saying, “Our goal is always to find better ways to serve our clients. By adding a new hearing aid specialist who matched the DNA of our practice so well, we’ve accomplished a few things. First, we’ve added a specialist who cares as much about each client’s personal well-being as he cares about providing quality care. Second, we’ve improved our overall efficiency and client experience by making it possible to keep a familiar service provider in West Central Ohio for our clients.”

Klein is an Ohio State University graduate who has lived in rural western Ohio for more than 30 years. He finds satisfaction in helping the people in his own community to hear better, and as a result, seeing them experience higher quality of life. He has also seen the positive impact that improved hearing has had in his own family members’ relationships. Karl enjoys living in an old farmhouse with his wife, five of their children and four dogs.
