The BPA award performance period is authorized for up to five (5) years.

Under the USAID BPA, iFOS' advisors and consulting professionals provide a range of financial management services and assistance including internal control assessment and development; pre-award surveys, grantee financial reviews, attestation engagements, disbursing agent functions, end use verification and trainings.

iFOS will provide specialized accounting and auditing support to implement one of USAID's foreign embassy new strategy in support of its mission.

Tawanda M. Smith, CEO noted, "Our assurance services provide the foundation we use to ensure effective monitoring of our customers' grant portfolios. Our wide variety of subject matter experts focus on internal controls to address fiscal challenges without the bureaucratic hindrances that constrain government organizations. iFOS stands ready and available to begin this engagement immediately."
