

iFOS Managing Consultants LLC selected as a BPA Provider of Grants Program Support Services for US Department of Transportation

COLUMBIA, Md., Aug. 23, 2018 (SEND2PRESS NEWSWIRE) – Intelligent Fiscal Optimal Solutions® (iFOS) Managing Consultants, LLC is pleased to announce the signing of a blanket purchase agreement (BPA) to provide Grant Program Support Services with the U.S. Department of Transportation (DOT), Office of the Secretary (OST) located in Washington, D.C. The BPA award performance period is authorized for up to five (5) years.

Send2Press® Newswire

Under the BPA, iFOS will provide comprehensive grant support services to include process support and policy and program support in assisting with various aspects of the delivery and management of grant programs.

Additional servicing components include: policy development, program performance measurement, program management, stakeholder management, program communication, inquiry coordination and data analytics.

iFOS' President and CEO Tawanda M. Smith noted, "iFOS has a proven grants methodology and engagement approach specific to Federal customers, which has been used to support all aspects of the grants life cycle from pre-award activities to post award monitoring and oversight.

"We believe the best way for us to serve DOT is to provide a team of experienced professionals, who recognize risks and address potential issues as they occur, in order to provide the agency with the critical support required at a competitive price."

About Intelligent Fiscal Optimal Solutions (iFOS)®, LLC:
