

iMobie Releases AnyFix to Fix 300+ iOS, iPadOS, tvOS and iTunes Issues: Revive Apple Devices with Simple Clicks

LOS ANGELES, Calif., July 20, 2020 (SEND2PRESS NEWSWIRE) – iMobie, a cutting-edge IT company dedicated to providing solutions to all Apple users, releases AnyFix – iOS System Recovery to fix various system issues for iPhone/iPad/iPod touch/Apple TV. It also works great in solving issues like iTunes errors, Recovery mode issues, etc., and revives all Apple devices and iTunes back to normal.

Send2Press® Newswire

“Since the iOS repair was added on our PhoneRescue, it helped 100,000+ users to fix system issues. However, users’ demand has dramatically increased and they hope more Apple issues can be settled in 1 place,” said Frank Kong, CEO of iMobie. “Regarding this, we’ve enhanced the repair feature and developed innovative functions to cover more Apple issues. Thus, AnyFix was born. We hope make it a comprehensive solution to help all people get out of any Apple and iTunes issues.”

Fix 300+ iOS/iPadOS/tvOS/iTunes Problems with AnyFix:

More Highlight Features:

Covers 130+ System Issues with Highest Success Rate

With a few clicks, issues like stuck on Apple logo, and other 130+ issues will be easily resolved. Built-in with the state-of-the-art ForceRepair technology, AnyFix unveils 3 innovative modes to fix almost all problems on iPhone/iPad/iPod touch, with the highest success rate.

Fix 200+ iTunes Errors Without Data Loss

AnyFix gives a one-click solution to fix 200+ iTunes errors like iTunes sync errors, connection issues, etc. SmartScan makes it possible to quickly locate where the problem is, then automatically fix the errors with no data loss.

Enter/Exit Recovery Mode in 1 Click

Unable to enter recovery mode after several failed attempts? AnyFix simplifies all processes and allows users to enter or exit recovery mode safely within a few seconds in 1-click. No skills required.

Upgrade/Downgrade iOS to Any Version

Users now can upgrade/downgrade to any iOS version as long as Apple is still signing it. Better yet, users can experience the iOS beta version without a developer account. Once there is an available version, AnyFix will notify users for the first time.

Compatibility and Price:

AnyFix is fully compatible with Windows and Mac, and available from \$35.99. Choose AnyFix plan here:
