Merging the brand's signature style with commercial capabilities and occupant-centric solutions, the dynamic venture is intended to disrupt the regional contract market. To date, Integro Builders has worked with several commercial brands, ranging from industrial warehouses and institutional clients to innovative corporate interiors.

"This is the next evolutionary step for our brand," explains CEO, Allyson Case Anderson. "We are taking a progressive approach to perfecting commercial interiors for an unparalleled customer experience – bringing to the commercial market what our residential clients have always valued a high-

quality aesthetic paired with transparency, intense project management, and flawless execution.”
