KALISPELL, Mont., June 16, 2015 (SEND2PRESS NEWSWIRE) – JOSEPH EVE CPAs will be participating at the 102nd Annual Conference of the Montana Society of Certified Professional Accountants to be held June 18-19 in Kalispell, Montana.

The 2015 Annual Conference theme is “Jump In!” and will include a profession update from the AICPA Chair as well as a number of technology sessions including Cloud Accounting 101.

“As a firm we believe in the importance of helping our clients leverage technology for greater accuracy and efficiency as well as the ability to manage their organizations more profitably because they have greater access to critical business information,” said Lindan Elliott, CPA, CISA, of the JOSEPH EVE Kalispell office.

“Cloud Computing is of great interest to organizations looking to replace their legacy software solutions,” said Elliott. “We recommend Intacct Financial Accounting because it is cloud based and has the distinction of being an AICPA preferred business solution. We’ve seen first-hand how Intacct empowers organizations while at the same time lowering total cost of ownership.”

JOSEPH EVE CPAs will be represented by Shanice Waldo, CPA, who will be at the booth and available to answer questions about JOSEPH EVE accounting services and accounting technology solutions, as well as meeting with conference attendees.

“We’ve been serving Montana businesses for 30 years and look forward to showcasing our accounting services for attendees of the MSCPA Annual Conference,” said Elliot.
