

Lender Price, the Leading Mortgage Lending Analytics, Pricing Engine and Digital Mortgage Provider Announces Integration with Ernst Publishing

PASADENA, Calif., June 26, 2017 (SEND2PRESS NEWSWIRE) – Lender Price, the emerging leader in digital mortgage interface technology and real-time, competitive mortgage analytics and product pricing & eligibility (PPE) solutions complete with full mobile functionality and advanced business intelligence, announced that it has integrated with Ernst Publishing, the leading provider of mortgage fee data for the real estate and home finance industry.

“We are excited about this integration with Ernst, a proven leader in providing mortgage fee data,” said Lender Price founder and CEO Dawar Alimi. “This partnership further strengthens our best in class PPE as we continue to integrate with the industry’s leading companies.”

Send2Press® Newswire

The integration allows the Lender Price pricing engine to return Ernst closing cost quotes instantly, ensuring accurate settlement fee data is transmitted for each loan quote. Ernst fee data is also accessible from within the Lender Price application program interface, providing flexibility for lenders to choose the applicable fees by client.

“At Ernst, it has long been our mission to offer every lender their fees, their way, whether that be through a direct XML interface, a mobile app or their loan origination technology,” said Gregory E. Teal, President and Chief Executive Officer of Ernst Publishing. “We congratulate Lender Price on its growth in the market and we’re proud to offer every lender using that technology access to guaranteed accurate closing costs through this new integration.”

Lender Price PPE functionality includes:
