

# Malakai Sparks Group Soars to Top of Huntington Beach Real Estate

HUNTINGTON BEACH, Calif., Feb. 29, 2016 (SEND2PRESS NEWSWIRE) – When it came to selling real estate in Huntington Beach in 2015, nobody did it better than the Malakai Sparks Group. As the top team at Coldwell Banker in Huntington Beach, Malakai and his associates constantly set one record after another. Always setting new price records in the areas in which they sold, the Malakai Sparks Group knows what it takes to sell a property quickly and at the best possible price.

Using a variety of the latest technology, the Malakai Sparks Group stood head and shoulders above the competition. With its ability to use technology in ways no other agents have done to this point, Malakai and the team have proven time and time again they are the foremost real estate team in Huntington Beach and the surrounding area. As proof of this, they broke the top sales record in Huntington Beach for the most expensive sale ever made.

While others failed at negotiating a sale for the property at 1818 Lake Street in Huntington Beach, the Malakai Sparks Group took on the challenge and knew they could make it happen. And happen it did, with the group representing both the buyer and the seller. Even though they were constantly told this was one property that simply could not be sold, Malakai and the team persevered. After demonstrating determination, patience, and their unique insight into the Huntington Beach real estate market, the group successfully sold the property at one of the highest prices per square foot ever for a house on Lake Street.

“Winning this award has been the greatest achievement in my career so far. We are doing things with technology that nobody else is doing, and that’s why our results are so fantastic. I’m so happy and thankful for our clients this past year that allowed us to help them,” said Mr. Malakai Sparks.

The Malakai Sparks Group will continue to build on that success going into 2016 and look to build a strong name within the luxury real estate industry in and around Orange County. New marketing strategies and client services are coming out first quarter 2016 and they should propel the group’s success to new heights in the coming year.
