“Every year, thousands of U.S. families experience homelessness. In fact, more than 50 percent of homeless shelters nationwide are occupied by families – despite nearly a third of homeless parents having a full-time job,” said Jake Vermillion, director of operations for MPPH. “That means every day, an estimated 200,000 children in the United States have no place to call home.”

“Matic’s corporate mission is to find a homeowner’s insurance policy for every home. Now, it is our honor to partner with MPPH to help find a home for every family,” said Matic CEO Aaron Schiff. “We are proud to kick off the challenge by pledging to house four families in need, and we’re calling on

our friends in the industry help families on the path to affordable homeownership.”

For every \$1,000 raised as part of the Housed & Hopeful challenge, MPPH helps one U.S. family get off the streets and into permanent housing.
