“When MetaSource began looking for the appropriate candidate to steward our next phase of evolution, John Nixon was the obvious choice,” said Adam Osthe, CEO of MetaSource. “In the two years John has been with MetaSource, he has had a demonstrable impact on the company’s success, and in this new position, he will be poised to push the firm even further.”

Nixon possesses more than 25 years of experience in business process outsourcing, document management and consulting services. Prior to joining MetaSource, Nixon served as Vice President of Business Development and held senior management positions with several global business process management companies.

He holds a Bachelor of Science degree in Business Administration with a

specialization in International Business and Economics from Old Dominion University in Norfolk, Va.
