

# MiniTool Solution Ltd. Updates Partition Wizard to 9.0: A Major Upgrade of the Latest Partition Magic Software

VANCOUVER, B.C. Canada, Feb. 9, 2015 (SEND2PRESS NEWSWIRE) – The globally professional computer software provider MiniTool Solution Ltd. announces the release of MiniTool Partition Wizard 9.0. The latest [partition manager](#) enjoys many new features, including new functions, improvements on old functions, and optimization on user interface.

## **New Functions in MiniTool Partition Wizard 9.0:**

1. **Migrate OS to SSD/HD Wizard:** it clones boot partition as well as system partition to the target SSD or HD (all files are contained), which can avoid reinstalling Windows OS on the new disk. Moreover, both partitions will be aligned automatically so that disk performance can be ensured.
2. **Copy Volume:** clones one dynamic volume to another volume so as to backup all important data.
3. **Perfectly support Storage Spaces or Storage Pool of Windows 8 and Windows Server 2012:** it can help manage the space with ease, such as Format, Extend, Shrink, Merge, Split, Copy, and Align.
4. **Bootable Edition** supports booting from UEFI.

## **Improvements on Old Functions:**

1. **Merge Partition:** once users select a partition to merge, Partition Wizard 9.0 will select it in merging partition interface by default while the old version just chooses the first disk. This update is quite useful when there are 2 similar hard disks.
2. **Copy Disk:** when copying a disk in new version, users are able to change partition size according to actual demands.

## **Optimization of User Interface:**

The new user interface seems more beautiful, friendly, and concise, and some unimportant or repeated buttons are removed. Moreover, unusable functions in right-click menu have gone.

## **Availability:**

For Personal Users

– [MiniTool Partition Wizard Free Edition](#): free partition magic software for home users.

– [MiniTool Partition Wizard Pro Edition](#): professional partition software for

computer geeks.

– **MiniTool Partition Wizard Server Edition:** safest partition magic server for Server manager.
