

# Mortgage WOMEN Magazine Names Simplifile VP Nancy Alley to Inaugural ‘Mortgage WOMEN in Technology’ Award

PROVO, Utah, Sept. 7, 2016 (SEND2PRESS NEWSWIRE) – Simplifile, a leading provider of real estate document collaboration and recording technologies for lenders, settlement agents, and counties, today announced Vice President of Strategic Planning Nancy Alley has been recognized in the “Corporate Visionaries” category in the 2016 “Mortgage WOMEN in Technology” award from Mortgage WOMEN Magazine.

Send2Press® Newswire

The award, which is in its first year, honors female leaders in mortgage technology. The “Corporate Visionaries” category is specifically dedicated to “individuals charting a new course for their organization...women who bring the strategy and put it into action.”

“It comes as no surprise that Nancy Alley has received yet another accolade, as her impact and continued influence on mortgage technology simply cannot be overstated,” said Paul Clifford, president of Simplifile. “Simplifile is proud to claim her as one of our own, and it is through her efforts that Simplifile is helping put mortgage lenders on the path to improved collaboration with settlement agents.”

“I’m honored to be selected for Mortgage WOMEN Magazine’s inaugural ‘Women in

Technology' list. Having worked with a few of the women on this list, I can truly say that I am in exalted company," Alley said.

Nine women in total were recognized across four categories: The Entrepreneurs, Corporate Visionaries, Director-level Doers and Rising Stars. The full list of winners is available in the [September/October 2016 issue](#) of Mortgage WOMEN Magazine.

## About Simplifile:

Simplifile, the nation's largest e-recording network, was founded in 2000 to connect settlement agents and county recorders via its e-recording service. Today Simplifile has broadened its services to include collaboration tools and post-closing visibility for mortgage lenders and settlement agents working together on real estate documents. Through Simplifile, users can securely record, share, and track documents, data, and fees with ease.
