

Murphy USA Announces Eagle Transport 2014 Carrier of the Year

ROCKY MOUNT, N.C., June 23, 2015 (SEND2PRESS NEWSWIRE) – Eagle Transport, one of the largest and most progressive petroleum and bulk transportation companies in the U.S., today announced that for the year of 2014 Eagle Transport has been awarded Murphy USA's Carrier of the Year award.

This award shows the quality of Eagle Transport and the trust that Murphy USA has in them. The award distinguishes Eagle as one of the top carriers for Murphy USA.

The award is based on carrier compliance, cross drops and outages throughout the calendar year. Eagle was put against carriers with load counts 1,000-4,999 per month.

Eagle has separated themselves from the rest of the pack and is pushing to be in Murphy's top bracket of 5,000 loads a month.

Headquartered in Rocky Mount, North Carolina, Eagle Transport now owns over 380 power units, with 22 terminals located throughout the eastern United States from Delaware to South Florida and west to Nashville, Tenn.
