“A Childhood Without Amenities” is a heartbreaking, but inspiring memoir of survival and determination. This is the story of a girl who had nothing in life to cherish except the very fact that she was alive. At the age of six, her mother invited her to commit suicide.

Despite this shocking psychological and emotional abuse, Myrna learned how to dig deep into the very core of her being to find the will to survive. This extraordinary personal story offers hope and the possibility of healing to those who have survived or are in the process of dealing with similar circumstances, or with the stress and trauma of any type of abuse. Myrna shows readers that even in the darkest hour, one can be a hero to oneself, and one can make a difference in one’s own life by making choices that are good and right.

With faith, persistence, and a strong commitment to moving forward in light despite dark days past, Myrna shows that miracles are possible.

138 pages in length, “A Childhood Without Amenities: The Will To Survive” is being aggressively promoted to appropriate markets with a focus on the motivational and inspirational self-help category.
