

New Update! EaseUS Data Recovery Wizard 5.6.5 Brings Easy-to-use and Safe Data Recovery Solutions

NEW YORK CITY, N.Y., Dec. 14, 2012 (SEND2PRESS NEWSWIRE) – EaseUS Software, a leading provider of data backup and disaster recovery and storage management solutions for Windows environment, continues to provide PC and server users the most complete and reliable products since its inception. Its newly updated data recovery software EaseUS Data Recovery Wizard 5.6.5 has always been the most reliable and complete software to retrieve lost data because of accidental deletion, formatting, virus infection, unexpected shutdown or any other unknown reasons.

Users can use the trial version for lost data scanning and directly upgrade to the paid versions for continuous recovery; no need to search again and no harm to the lost data.

It would be a terrible thing if something important gets lost and choosing the right tool is the key for lost data recovery. Some untrusted data recovery software might even cause further damage to your lost data. Therefore, it is very crucial to find a safe and reliable tool to get all your lost data back.

EaseUS Data Recovery Wizard is a risk-free and very cost-effective Windows data recovery app and won't cause any harm to your data. It ensures safe and precise data recovery against numerous threats like: formatted or corrupted drives, missing critical file system structures, file deletion, application crash and computer viruses.
