

Newly Upgraded EaseUS Data Recovery Wizard Professional 7.0 Comes Back to the World Market with Enhanced Technology

NEW YORK, N.Y., Nov. 19, 2013 (SEND2PRESS NEWSWIRE) – [EaseUS Software's](#) data recovery software returns with the newly enhanced EaseUS Data Recovery Wizard Professional 7.0, which improves the original data recovery function for enhancing data recovering quality and efficiency. This brand new 7.0 version of [EaseUS data recovery software](#) is ready to hit the world market, providing users a brand new experience while performing data recovery.

This newly enhanced EaseUS Data Recovery Wizard Professional 7.0 is equipped with the latest essential algorithm of EaseUS, which promotes the data recovery efficiency and quality during the process to restore lost data. Hence, this amazing software rather shortens the recovery time and program running time.

On the basis of maintaining the original data recovery function, EaseUS further promotes the capacity of recovering more invisible and hidden data that many similar software solutions could not do. With this [advanced data recovery software](#) – EaseUS Data Recovery Wizard Professional 7.0 – it makes the original data recovery process a more enjoyable procedure with shortened running time and higher quality of found data. It is fully Windows OS 8.1 compatible.

What makes this new version of EaseUS Data Recovery Wizard Professional different from the original versions is that it entitles users a greater capacity to deal with much more complex troubles and recover more inaccessible data with easier solutions.

[EaseUS Data Recovery Wizard Professional 7.0](#) enables support solving for various data loss troubles such as: mistakenly deleted, formatted or various attacked data from almost all kinds of storage media such as USB hard drives, external hard drives, memory card, SD card, and memory sticks. The software is compatible with Windows OS including the latest OS 8.1, 8.0, 7, Vista, XP and Windows Server 2012, 2008 and 2003.

With the enhanced technology in this software, EaseUS Data Recovery Wizard 7.0 enables 100 percent security for users' lost data with no risks when applying this amazing software to retrieve lost data.

Key Features:

- Support Windows OS such as the latest Windows 8.1, 8, 7, Vista and XP.
- Support Windows Servers such as Windows Server 2012/2008 and 2003.
- Support all kinds of storage media such as Sony Memory Card, USB flash drive, SD card, external hard drive.

- Recover accidental formatted files or RAW files.
- Recover files from unreadable dynamic disk.
- Recover multiple file formats like photos, videos, office documents, emails, zip/rar, archives, etc.
