NEXT is a biannual technology summit for senior executives in mortgage lending. It features lender-centric educational content, with sessions that cover topics such as compliance, production, sales, corporate culture, marketing and operations, among others. In addition to educational content, each NEXT event includes technology showcases and meetings where lender executives can learn about new products and services, and numerous networking events.

The event is held twice a year to accommodate its growing demographic and attendee base, while maintaining the intimate, boutique size that is conducive to its unique networking footprint.

“Hosting NEXT in a luxe new venue in a world class city adds to the many

factors that make NEXT such a hit with our attendees,” said Jeri Yoshida, co-founder of NEXT. “Already nearly two dozen lenders have pre-registered to attend NEXT in Chicago this August.”

Priority pre-registration is currently open. NEXT is encouraging its VIP attendees to reserve their spaces before registration goes on sale to the general public, as it anticipates the event will reach capacity well in advance of the August dates.

About NEXT Mortgage Events LLC:

In January 2018, NEXT Mortgage Events broke the mortgage industry’s unspoken barriers that limit women’s access to competitive intel and networking-based information exchange, when it introduced NEXT, the mortgage technology summit for women. NEXT is a two-day, tech-focused symposium based on lenders sharing competitive intel with other lending executives.

A boutique gathering, each NEXT event is limited to 200 attendees, and targets a select group of decision-making executives. Roughly 85-90 percent of lender attendees hold a title of VP or higher and approximately 85 percent of attendees are women. NEXT is held twice a year, in winter and summer.
