About NEXT Mortgage Events LLC:

In January 2018, NEXT Mortgage Events broke the mortgage industry’s unspoken barriers that limit women’s access to competitive intel and networking-based information exchange, when it introduced NEXT, the mortgage technology summit for women. NEXT is a two-day, tech-focused symposium based on lenders sharing competitive intel with other lending executives. A boutique gathering, each NEXT event is limited to 165 attendees, and targets a select group of decision making executives.

Approximately 85-90 percent of lender attendees hold a title of VP or higher and roughly 85 percent of attendees are women. NEXT is held twice a year, in winter and summer.
