

# Paragon BioTeck Receives EN ISO 13485:2012 Certification

PORTLAND, Ore., March 29, 2016 (SEND2PRESS NEWSWIRE) – Paragon BioTeck, Inc., a privately held pharmaceutical and medical device company, announced today that it has received EN ISO 13485:2012 certification, signifying the company's successful implementation of an effective quality management system.

The EN ISO 13485:2012 certification was awarded by the International Organization for Standardization, the world's largest developer and publisher of global quality and safety standards. This certification outlines specific requirements to establish and execute a structured quality management system for medical devices across all areas, from development to supply.

"Achieving this certification is an important milestone for Paragon BioTeck," said Lauren M-C Bluett, Director of Quality Assurance. "We have implemented a robust quality management system that conforms to ISO's global standards, demonstrating our commitment to excellence in product and operations through continuous improvement and quality by design."

Receipt of this certification paves the way for continued advancement of quality systems that meet world-class standards and maintain a central focus on patient safety and care.
