

PDC CEO Emilio N. Francisco Announces \$45 Million Capital Raise for Clear Currents

COSTA MESA, Calif., Feb. 20, 2015 (SEND2PRESS NEWSWIRE) – Emilio N. Francisco, Chairman and Chief Executive Officer of private equity firm PDC Capital Group, announced that PDC is raising \$45 million in EB-5 immigrant investor funds to assist biodegradable organic chemical products firm Clear Currents, Inc. The Dana Point, Calif.-based green technology company, which makes environmentally-safe and nontoxic agricultural products and industrial cleaners, will use the funds to assist with expanding its operations and entering foreign markets including the European Union, the Middle East, Africa and Brazil.

Populations worldwide are grappling with drought, declining food production, contaminated water supplies and overworked soil. At the forefront of the global green revolution, Clear Currents' range of SeaStar and EcoStar products deliver innovative natural solutions that create healthier crops, improve food quality, and repair soil damaged by toxic chemical fertilizers and pesticides.

Clear Currents recently completed extensive multi-year testing of several innovative products in cooperation with the Ministry of Agriculture in China. The company has gained traction within several provinces where this testing was performed, generating contingent order commitments in the \$200M range. Poised for growth, the company is preparing for expansion and has elected to pursue registration as a public company.

Emilio N. Francisco, CEO of PDC Capital Group, said, "We are very pleased with this opportunity to assist Clear Currents with their public company ambitions and expect a straightforward process."

"We are also gaining significant traction with the upcoming deployment of our highly effective cleaning products here in the U.S. and look forward to expanding our reach into foreign markets," said Chris Fox, Chief Operating Officer of Clear Currents.

About EB5 Investment:

PDC Capital Group is a private equity firm specializing in EB5 immigrant investor projects. The EB5 immigrant investor visa is a federal program launched in 1990 that allows foreign nationals to apply for permanent residency in the U.S. in exchange for investing a minimum of \$500,000 in a U.S. business. For more information about the EB-5 immigrant investor program, go to <http://www.uscis.gov/eb-5/>.

About Clear Currents, Inc.:

Clear Currents is a green technology company dedicated to promoting a healthier, more abundant food supply through innovative natural solutions.

The Clear Currents' mission is to be a leader in providing innovative green solutions that replace toxic chemicals and other environmentally harmful products used by agriculture and industry. For more information, please visit <http://www.clearcurrents.com/>.

About PDC Capital Group:

PDC Capital Group, LLC, is a private equity firm specializing in EB-5 investment projects. In identifying and executing new projects, PDC Capital Group's goal is success for three groups: success for investors, success for the community where the project is located, and success for its project partners. For more information, please visit <http://www.pdccapitalgroup.com/>.
