

President of RSI & Associates Receives New Accreditation to Better Serve its Clients

CORPUS CHRISTI, Texas, Aug. 29, 2016 (SEND2PRESS NEWSWIRE) -- RSI & Associates, Inc. is excited to announce that its senior analyst/appraiser, Gerald W. Brown, Sr., recently added an important accreditation to his already impressive roster of professional credentials – Master Analyst in Financial Forensics (MAFF) with a specialization in business valuation for litigation.

Send2Press® Newswire

The MAFF credential is designed to provide assurance to the legal community in matters of business value determination, financial forensic analysis, litigation support and expert witness testimony.

Additional MAFF coursework completed by Brown includes: commercial damages and lost profits, matrimonial litigation, bankruptcy, insolvency and restructuring, business and intellectual property damages, forensic accounting and fraud risk management.

Brown is also a Certified Exit Strategy Consultant (CESC) Accredited by the Institute of Business Appraisers (AIBA); a Certified Business Appraiser (CBA); and a Business Certified Appraiser (BCA).

Brown is the founder and president of RSI and has more than 20 years of business management, consulting and business appraisal experience. He is also affiliated with The Institute of Business Appraisers, The National Center for Employee Ownership, The National Association of Government Guaranteed Lenders and The International Society of Business Appraisers.

Past experience includes serving on the Board of Directors for companies in multiple industries that include: turbine generator manufacturing, oil field drilling, workover and production completion services, medical staffing, oil field pump sales and service and custom skid manufacturing. Currently, Brown serves on the Board of Directors for a mining and quarry operation and a long haul trucking company. Prior to founding RSI, he served in the U.S. Navy's Ceremonial Guard (Presidential Honor Guard) and had a temporary assignment at the pentagon serving Dr. Steve Bryan, the Deputy under the Secretary of Defense.
